

Trix Bruce is coming to Little Rock, Arkansas!

April 25, 2012, Wednesday 5:30 pm - 9:30 pm

ASL SEMANTICS: Precision of Expression in ASL

Semantics is defined as the study of meanings expressed by the elements of a language or a combination of the elements. A concept expressed in an ASL sign often cannot be conveyed by a single all-purpose English word. Likewise, English words and phrases may have variations in meaning, which require translations using different ASL signs. This workshop helps the student advance skills in translating the languages of ASL and English.

April 26, 2012 Thursday 5:30 pm - 9:30 pm

Close-Up Views: Classifiers Under the Microscope

Get a close-up 3-D view of life under the microscope with classifiers. Clearly translate ideas from English to ASL with real objects and the human body as a focus of description. Zoom in on learning to use classifiers effectively.

April 29, 2012, Sunday 9 am - 5 pm

ENGLISH EQUIVALENTS: Whoa! Train Zoom Gone. Did You See What She Signed? What did she mean by that and how can I say it in English?

English Equivalents help the student take signs that do not have just one translation in English and help the participant become aware of idiomatic English translations along with some technical vocabulary associated with particular signs. English Equivalents in ASL will help you confidently continue the flow of information exchange from ASL to English and from English to ASL. Trix Bruce is an Approved RID CMP Sponsor for Continuing Education Activities. This Professional Studies program is offered 0.7 CEUS for Classifiers at the Little/No to Some Content Knowledge Level.

My workshops benefit participants at all levels. Countless advanced interpreters have let me know that they enjoyed learning updated/new signs that they haven't seen before, such as regional accents. They also loved it when I explained how to sign messages into ASL, rather than just signing in English word by word. Interpreters appreciate that my workshops are excellent for review as well as for discovering new things that apply within the professional work environment. Students also mentioned that my workshops helped them to understand how to approach their own projects, research, and practice more effectively.

Participants, fans, and friends have asked questions like these: What's it like to travel so much? Which airline experience was the most frustrating? How many states have you been to? What are your favorite movies/restaurants/hotels? I will do my best to share my experiences in this blog. Enjoy reading my blog! <http://trixbruceshow.blogspot.com/>
