

Good News!!! Trix Bruce is coming to Birmingham, Alabama!

March 2, 2018 ~ Friday 9 am – 1 pm

♥ ***Medical Interpreting: Women's Health & Wellness (NEW!)***

Through many mentor sessions working with interpreters, I have kept notes to share. It's amazing to see how interpreters creatively face challenges as they translate from English to ASL. I treasure opportunities to help interpreters improve their visual thinking, which Deaf audiences appreciate. My workshop offers a myriad of ways to make interpreting more visual. We will demonstrate how classifiers may be used most effectively to communicate specific information in medical interpreting situations. Broaden your understanding of visual interpreting techniques regarding anatomical and medical interpreting. Learn more about Deaf Culture. Visual clips, visual aids, analysis, current medical terminology, and outlines will be available. This workshop will focus on surgery procedures, medical tools, birth, and causes of injury, illness and conditions. (0.4 RID CEUs available)

March 2, 2018 ~ Friday 5:00 pm – 9:00 pm

♥ ***Non-Manual Signals: ASL Markers (NEW!)***

This workshop has a focus on non-manual signals, which are not distinctive "hand signs" yet are essential language morphemes. Interpreters will analyze and apply these grammatical markers, which involve eye and head movements, facial movements and body postures rather than the use of "signs" as distinct lexical elements. Video clips and discussion will increase interpreters' confidence in the use of non-manual markers (non-manual morphemes). (0.4 RID CEUs available)

March 3, 2018 ~ Saturday 8:00 am – 5:00 pm

♥ ***Trix's Discoveries: Visual Interpreting from English to ASL (NEW!)***

Trix guides interpreters working on English-to-ASL skills. Challenges in rendering ASL from English source material develop *visual thinking* skills. We will be able to:

- demonstrate application of interpreting person, content, place, time, procedures, causes, and reasoning
- demonstrate increased classifier incorporation in interpreting
- demonstrate non-question forms of "who, what, where, when, how and why"
- demonstrate rich visual imagery in interpreting
- collaborate in developing ASL expression of English phrases
- match concepts represented by multiple-meaning words

This workshop will have several hands-on practice activities and group discussions. (0.8 RID CEUs available)

March 1-2, 2018 ♥ **Mentoring Services Available**

Your own private Mentor! As your mentor, Trix will focus on you, providing individualized feedback and instruction in English/ASL translation and Deaf culture. Under the direction of an expert instructor, your skills will soar! Email for an appointment. We can meet at either a coffee shop, or in a hotel lobby. Mentor appointments are not included the workshop registration. There is a separate fee for a mentor appointment, (RID CEUs available!)

My workshops benefit participants at all levels. Countless advanced interpreters have let me know that they enjoyed learning updated/new signs that they haven't seen before, such as regional accents. They also loved it when I explained how to sign messages into ASL, rather than just signing in English word by word. Interpreters appreciate that my workshops are excellent for review as well as for discovering new things that apply within the professional work environment. Students also mentioned that my workshops helped them to understand how to approach their own projects, research, and practice more effectively.
