

Good News!!! Trix Bruce is coming to Sarasota, Florida!

November 17, 2017, Friday 9 am – 1 pm

♥ Non-Manual Signals: ASL Markers

This workshop has a focus on non-manual signals, which are not distinctive "hand signs" yet are essential language morphemes. Interpreters will analyze and apply these grammatical markers, which involve eye and head movements, facial movements and body postures rather than the use of "signs" as distinct lexical elements. Video clips and discussion will increase interpreters' confidence in the use of non-manual markers (non-manual morphemes). (0.4 RID CEUs available)

November 17, 2017, Friday 5pm – 9 pm

♥ Interpreting Biology, Health, and Human Development Information (NEW!)

Interpreting in classes such as anatomy, biology, health, child development and parenting can certainly be a challenge! Developing ASL visualization skills within these topics, this workshop will provide helpful interpreting demonstrations and practice exercises. Find out how scientific concepts expressed in English may be clarified visually and communicated in a timely and efficient manner. Interpreters can apply these visualization skills to many topics, bringing scientific discussions to life in ASL! (0.4 RID CEUs)

November 18, 2017, Saturday 8am – 5 pm

♥ Trix's Discoveries: Visual Interpreting from English to ASL (NEW!)

Trix guides interpreters working on English-to-ASL skills. Challenges in rendering ASL from English source material develop **visual thinking** skills. We will be able to:

- demonstrate application of interpreting person, content, place, time, procedures, causes, and reasoning
- demonstrate increased classifier incorporation in interpreting
- demonstrate non-question forms of "who, what, where, when, how and why"
- demonstrate rich visual imagery in interpreting
- collaborate in developing ASL expression of English phrases
- match concepts represented by multiple-meaning words

This workshop will have several hands-on practice activities and group discussions.(0.8 RID CEUs available)

My workshops benefit participants at all levels. Countless advanced interpreters have let me know that they enjoyed learning updated/new signs that they haven't seen before, such as regional accents. They also loved it when I explained how to sign messages into ASL, rather than just signing in English word by word. Interpreters appreciate that my workshops are excellent for review as well as for discovering new things that apply within the professional work environment. Students also mentioned that my workshops helped them to understand how to approach their own projects, research, and practice more effectively.
