To whom it may concern,

This letter of reference is for Trix Bruce. Trix Bruce contacted the Radford University American Sign Language Club in the beginning of the 2014/15 school year. She was friendly and organized and as the President of the ASL Club I was honored that Trix Bruce wanted to perform at our school!

Trix Bruce performed *Adventuring in ASL: Trix's Travels*. The crowd loved her! We had American Sign Language students that ranged from levels 1-4, ASL teachers, Deaf educators, and several interpreters from around the county. Everyone that attended had a spectacular time and laughed until their stomachs hurt! Trix Bruce was engaging, entertaining, and hilarious.

My job as the President of Radford University's American Sign Language Club was to spread awareness of Deaf Culture and American Sign Language to students at Radford University and people in the surrounding area. Trix Bruce's performance was a gift to our student body! We were immersed in the culture and she captivated us with her story telling abilities. She was honest about her struggles as a Deaf woman living in a hearing world and it was a learning experience that we will never forget.

I strongly recommend Trix Bruce to anyone that is looking for a fantastic performer! She is an exceptional individual with incredible talents.

Elizabeth Churchill  
Radford University's  
2014/15 ASL Club President
