Zoom Online Meeting ~ Presented by Trix Bruce (Deaf)

Medical Interpreting: Women's Health & Wellness

Through many mentor sessions working with interpreters, I have kept notes to share. It's amazing to see how interpreters creatively face challenges as they translate from English to ASL. I treasure opportunities to help interpreters improve their visual thinking, which Deaf audiences appreciate. My workshop offers a myriad of ways to make interpreting more visual. We will demonstrate how classifiers may be used most effectively to communicate specific information in medical interpreting situations. Broaden your understanding of visual interpreting techniques regarding anatomical and medical interpreting. Learn more about Deaf Culture. Visual clips, visual aids, analysis, current medical terminology, and outlines will be available. This workshop will focus on surgery procedures, medical tools, birth, and causes of injury, illness and conditions. **(0.7 Professional Studies RID CEUs available)**

Educational Objectives:

- Practice specific interpreting skills related to medical settings.
- Demonstrate analysis of challenging medical interpreting situations, and devise strategies for these situations.
- Identify obsolete signs and demonstrate updated signs, such as ways to sign new technological developments.

RID CEUs: Trix Bruce is an Approved RID CMP Sponsor for Continuing Education Activities. This Professional Studies program is offered for all workshops 0.7 for this webinar at the Little/No to Some Content Knowledge Level.

TARGET AUDIENCE: Target audience: Working, certified, and pre-certified interpreters anywhere in the US.

NOTES: E-Handouts will be provided. The workshop will be presented in ASL. No voice interpretation will be provided. For details on refunds, cancellations, and special accommodations policies, please send an email to info@trixbruce.com. Trix Bruce promotes a learning environment free from discrimination and bias, and encourages mutual respect for all participants.

My workshops benefit participants at all levels. Countless advanced interpreters have let me know that they enjoyed learning updated/new signs that they haven't seen before, such as regional accents. They also loved it when I explained how to sign messages into ASL, rather than just signing in English word by word. Interpreters appreciate that my workshops are excellent for review as well as for discovering new things that apply within the professional work environment. Students also mentioned that my workshops helped them to understand how to approach their own projects, research, and practice more effectively.

RSVP! Registration Fee: \$110

Working over 20 years with on-site presentations, moving to online webinars has been a challenge. However, as a Deaf entrepreneur, my passion to encourage ASL interpreters to expand their knowledge and skills continues!
